10.iii Co-operative Federation of Australia

Mr. Slattery reported on a meeting of the Steering Committee held in Sydney on 4th June 1982.

- (a) The first part of the meeting was concerned with the Consultants' report on the Co-operative Bank proposal. The report was presented by Mr. Clive Little of Deloitte, Haskins and Sells. The Steering Committee agreed the report justified a continuance of the study to include Permanent Building Society and Credit Union involvement without whom the exercise on viability potential cannot be completed.

A working party is to be established comprising 2 representatives from each sector of Co-operatives. It will have its first meeting in Melbourne on 9th July 1982. The C.F.A. nominees are

Mr. Silsbury, Westralian Farmers Co-operative
Mr. Allen, Victorian Producers Co-operative

- (b) Desired progress towards achievement of the goal of a restructured Co-operative Federation of Australia has not been maintained. The committee agreed a working paper be prepared as a marketing exercise and to assist some State Federation Councils whose membership is divided on the issue.

The committee considered but did not resolve the holding of a national workshop for representative Co-operatives Chairmen and Chief Executives to identify a national sense of purpose.

The committee recommended that N.S.W. and Victoria should commit funds on the same basis as for the current financial year. Those together with members accumulated funds would be used to continue the operations and staffing of the C.F.A. as currently existing up to 31st December 1982 with a review of an on-going commitment to be made by 30th September 1982.

Council recorded its concern at this situation. As one partner in a joint operation the failure of the other partner to plan or discuss alternative arrangements was considered harmful to development of this State Federation.

Council agreed

to accept the proposal that contributions be made to the Co-operative Federation of Australia at the rate of \$7,500 for six months for the period ending 31st December 1982.

Council agreed

The President and Council of the Co-operative

/7...

Federation of Australia be requested to continue the existing programme of operations on the basis of indicated commitments of Victoria and New South Wales up to 31st December 1982 with an ultimate review decision to be made by 30th September 1982.

Council agreed

The President and Council of the Co-operative Federation of Australia be requested to indicate that party's proposals in relation to the joint agreement between that Federation and the Co-operative Federation of Victoria.

Council agreed

That, should the Co-operative Federation of Australia agree to convene a fully representative meeting of all types of Co-operatives to consider the establishment of a truly representative national co-operative body, such a proposal would be supported by the Co-operative Federation of Victoria.

10.iv Executive Officer

Mr. Rawlinson reported on a meeting of the committee working for development of Co-operatives in Schools held 15th June. He participated in C.F.A. Steering Committee meeting of 4th June and prepared the Working Paper required by that Committee.
